### Ingredients:

3 oz jar of instant coffee  
1 cup of sugar  
2 cups of boiling water

½ gal of vanilla ice cream  
½ gal of chocolate ice cream  
1 Large and 1 Small tubs of Cool Whip

\*Make your coffee the night before

Bring 2 cups of water to a boil

Add instant coffee (I use Folgers, it's the best) and sugar to boiling water

Stir and take off heat and let cool

Pour into a bowl and keep refrigerated overnight

In a large punch bowl, add coffee mixture, 1 gallon of milk, ½ gallon vanilla ice cream, and ½ gallon chocolate ice cream.

Mix together, breaking up large chunks of ice cream

Cover top of punch with Cool Whip

So Good!
